

The Imagination Academy's Tutorz Opportunity (Instructor)

The Imagination Academy Tutorz are everyday people (Mums, Dads, Teachers, Coaches, Child Carers etc.) with a love for kids and with an interest in helping and seeing children become all that they really can be.

To become a Certified Tutor you must have a strong nurturing nature and a passion for children. By joining The Imagination Academy's network of Certified Tutorz you will play a significant part in transforming and enhancing the way in which children will learn.

As a Certified Tutor, you will have the exclusive rights to 'instruct' The Imagination Academy's program, **Cottage Degree in Imagination** in your designated area. Becoming a Certified Tutor requires a nominal start-up investment which contributes to your initial tutor training, with administrative set-up and continued curriculum and product development for The Imagination Academy.

Prior to commencing your initial Tutor Training Camp, you must have completed **BootCamp4Brains** or **Camp Imagination** (Don's introductory programs to accelerated learning). You must also be able to demonstrate that you have the right attributes necessary to work with children and that you are serious about playing a part in revolutionizing the way in which kids will learn through The Imagination Academy's vision, tools and programs.

Tutorz:	Instructor
Investment:	US\$8,500.00 (or Australian Dollar equivalent)

Potential Income for a Tutor

LOW LEVEL (MINIMUM)

Income

Avg. 15 participants x AU\$576.00
= AU\$8,640.00 per course
AU\$8,640.00 x 4 courses
= \$AU34,560.00 per year

Work Time For The Year (Instruction Time Only)

4 Hours per week x 7 weeks
= 28 hrs per course
28 Hours x 4 courses for the year
= 112 hrs tutorial work for year

Days

2 afternoons per week x 7 weeks
= 14 tutoring days per course
14 tutoring days x 4 courses for the year
= 56 tutoring days for the year

HIGH LEVEL

Income

Avg. 15 participants x AU\$576.00
= AU\$8,640.00 per course
AU\$8,640.00 x 16 courses
= \$AU138,240.00 per year

Work Time For The Year (Instruction Time Only)

4 Hours per week x 7 weeks
= 28 hrs per course
28 Hours x 16 courses for the year
= 448 hrs tutorial work for year

Days

2 afternoons per week x 7 weeks
= 14 tutoring days per course
14 tutoring days x 16 courses for the year
= 224 tutoring days for the year
